AVerVision M50

Portable Mechanical Arm Document Camera

formerly
AVerMedia Information

Product Description

Captivate your students with the AVerVision M50 interactive document camera! The M50 features a 5 mega-pixel lens with full 1080p high definition output at 30 frames per second, 80X total zoom and full 14.6" x 11" page viewing! One-Touch Audio/Video recording and image capture can be saved to a USB drive or SD Card. You can even capture a true 5MP image for the highest print quality! Exclusive spoylight and visor presenter features plus Picture-in-Picture viewing provide additional visual options. The included free A+ interactive software provides interactive features designed to further enhance lessons, presentations and demonstrations.
